WORD SEARCH PUZZLE

Use your imagination and complete this head and face. You can even add a hat.

CONNECT THE DOTS and figure out what this creature is!

This animal is a unique creature; despite the length of its neck, it has the same number of cervical vertebrae that a human has.

SUDOKO

Enter one number ranging from 1 - 9 into each blank space. Every row and column must contain one of each digit. So must every 3 x 3 square.
